

NON VERBAL REASONING 11+ SAMPLE QUESTIONS

Type 1:

In the four boxes on the left you can see that there is a box that is blank. Work out which of the five boxes on the right contains the missing shape or object so that there is a sequence. Circle the letter above that box.

Answer: D – The boxes increase in size as you go along and have curved corners.

Type 2:

In each line below there are five boxes with various symbols and shapes in them. Four of the five boxes have something that connects them, whilst one of the boxes contains something that makes it different to the other four. Put a ring around the letter above that box.

Answer: A – All of them have a rectangle within the black shape except for A

Type 3:

In each line below there is a box on the left hand side of the page with a shape or symbol in it. It is printed in black and white. Looking at the five other boxes on the line see if you can identify which one is the same as the box on the left but in silhouette form. Put a ring round the letter that you think is the correct box.

Answer: C
